Super Lift

Belt drive system more efficient and safer than cable. Less fuss and mess. SUPERWINCH brand winch.

Comfortable push handle with integral controls make it a breeze to control.

Battery cover protects terminals from coming in contact with dropped tools or parts. Another feature the other guys lifts don't have.

We worked closely and in-depth with racers, dealers and industry professionals to design a durable, functional and great looking automated lift stand. Built with the same great care and high standards as every Streeter Super Stands product, the Super Lift is a fantastic option for any racer looking to get into an automated lift stand who doesn't want to sacrifice quality over pricing.

The Super Lift has adjustable anodized lift hooks that will adapt to practically any style rear bumper. We use 1 1/4" tubing on all frame work that is powder coated in your choice of black, red or blue, use a Super Winch Brand winch and the same quality flat free wheels and casters as used on all of our stands. Each Super Lift is built with pride and dedication right here at our shop in the USA and ships to you via UPS Ground.

Do your research. Don't blow your hard earned money on some shoddy contraption cobbled together by a company who might not even be around come next season. Trust the only name that's been in the industry longer than any other. Only Streeter quality, innovation and our commitment to you raises the standards without lowering your expectations.

Streeter Big Foot Stands
Often imitated..... Never duplicated.

STREETER BIG FOOT

The original and genuine here! While the competition calls theirs the same- ONLY Streeter Super Stands has the best built, best selling and most widely used stand in the industry. Featuring Flat Free wheels and casters, the precision laser cut 1" tubing and fixture welded stands assure long lasting quality and great looks. 34" height offers the perfect work height. Includes a convenient fold down/up tray with bright finish. Stand folds-up for easy storage.
Don't settle for less. Streeter Super Stands- we innovate, not imitate.

GREAT STACKER ACCESSORIES

MULTI-LEVEL STACKER TABLE TOP

Streeter Stacker Table Tops are a must have item for owners of Double or Triple Stackers. Why push your stacker off to the side once you get to the track or back to the shop? Now, with the easily installed (and easily removed) Stacker Table Top, You can utilize your Stacker as a work bench, display, or even use it as a serving area at your trackside cookout. Made from durable and easily cleaned .090 gauge aluminum, the Stacker Table Top will be one pit item you truly can call convenient. The top fits standard Streeter Double & Triple Stackers, and can safely be stored during transport. Great for use at the track, at home or at the shop. These will fit any level of your stacker, so you can have multiple levels of storage surface!

The Streeter Super Stands Stacker Tire Rack is a great add-on for carrying your extra tires/wheels. Installs with four bolts and is the perfect lenght to match up to current Streeter Sprint Series Stackers. Will work with both Double and Triple Stackers. Aluminum end plates and stainless steel support rods.

Stacker Tire Rack STR-3000-500 $95.00

DOUBLE STACKER

OVAL KARTS / FULL BODIED KARTS

Owners of full bodywork karts including oval, road race and 4-cycle sprint racers need a stable, versatile and durable stacker to transport their karts. We utilized the same great features of our standard width Double Stacker- including 1 1/4" tubing, stainless steel pins, laser cut gussets and cinch strap holes- to come up with the optimum solution for owners of full bodied karts. With over 44" of inside width clearance, The Streeter Super Stands "Double Wide" Stacker is the only choice for full bodied oval, sprint, open and road racers. An overall width of 50", the "Double Wide" will still fit within the confines of most full size pickup truck beds and cargo trailers. Tough gloss black powder coat finish and flat free casters are standard. Ships UPS Ground

TOOL AND PARTS TRAYS

Stop wasting time re-organizing your tool box and looking for tools after every trip in the trailer or after that quick thrash at the track. Your time is more wisely used for winning races, rather than tool patrol. Our drawer trays/dividers are perfect for pliers, screw drivers, cutters, specialty tools, parts and more. We have a large selection of sizes available for any box and any budget.

COOLSHIRT SYSTEMS

COOLSHIRT® helps the Motorsports community stay cool and comfortable whether on the grid, on the track or in the pits. These systems help you perform better by:

– Improving reaction time
– Keeping drivers cool and comfortable
– Reducing errors
– Reducing dehydration
– Helping maintain a safe core body temperature

The systems are designed to keep the drivers cool while on the grid and on the track. The Streeter Super Stands Team uses CoolShirts at their racing events. From amateurs to professionals there is a system to help keep everyone cool at any racing event. Visit: streetersuperstands.com for the CoolShirt Bag Kit lineup.

"THE CUBE" ONBOARD ENGINE HEATER

Get maximum power, reduced wear and reliability in both cold and normal weather by preheating your race engine. THE CUBE by Hot Head Competition Engine Heater ensures race-ready engine temperatures. THE CUBE'S steady 130° F engine temperature helps during tuning, practice, qualifying and most importantly.... race time.

- -Reduced engine wear
- -Faster initial starts
- -Generator friendly 900 watts
- - 130° F thermostat set point
- -Lightweight at less than 1.5 lbs.
- -Better qualifying times
- -Integrated circulation pump
- -10 minute heating time
- -Chassis or seat mount

One of the most valuable assets any Shifter, Rotax, TaG Kart, Winged Outlaw, or Micro owner can have. Our own race team uses THE CUBE and we've already seen not only the performance advantage, but also the savings on engine wear/tear and rebuilds. Easily installs inline in your existing hose system.

You deserve the best. We build it!

While many others have come and gone, Streeter Super Stands has been manufacturing the best stands and accessories in the industry for decades. In fact, its safe to say we've been providing racers around the world with un-matached quality products and service longer than anyone else. And we have no plans on going anywhere or slowing down anytime soon. While the here-today-gone-tomorrow guys are out pretending they are number one- we'll continue to prove it. Every day, every race.
